PROFESSIONAL SUMMARY

Results-driven software developer with a strong educational background in Computer Science. Skilled in utilizing Next.js to create server-side rendered and statically generated React applications. Proficient in implementing Continuous Integration/Continuous Deployment (CI/CD) pipelines for efficient and automated software delivery. Experienced in unit testing methodologies and frameworks to ensure code reliability and maintainability. Knowledgeable in Docker for application deployment.

SKILL

- Css
- Html
- Javascript
- Git and github
- React js
- Next js
- Docker
- Typescript
- CI/CD
- Unit testing
- Jest

EXPERIENCE

Front End Developer | *Kolé, London. UK* | June 2023. - Present

- Develop server-side rendered and statically generated React applications using Next.js.
- Implement CI/CD pipelines for efficient and automated software delivery.
- Ensure code reliability and maintainability through unit testing methodologies and frameworks.
- Utilize Docker for containerization and application deployment.
- Deliver high-quality, scalable, and performance-driven solutions.

Front-end Developer | Aipidata | Manchester, United Kingdom | 2022/07 - 2023/04

- Design and implement engaging user interfaces for web applications using React.js.
- Create interactive components and ensure responsive design.
- Focus on code quality, testing, and debugging.
- Stay updated with the latest React.js trends and best practices.
- Deliver visually appealing applications to meet user needs and drive business success.

Full Stack Developer Intern | Gomycode | Lagos, Nigeria | 2022/02 - 2022/07

- Actively contributed to the design, development, and maintenance of web applications using MongoDB, Express.js, React.js, and Node.js.
- Built interactive interfaces and troubleshoot and fixed bugs.
- Adhered to best practices and communicated and documented work effectively.
- Gained practical experience in the MERN stack and enhanced web development skills.

EDUCATION

- **Bachelor of Science in Computer Science.**
Babcock University
